More Than Steel

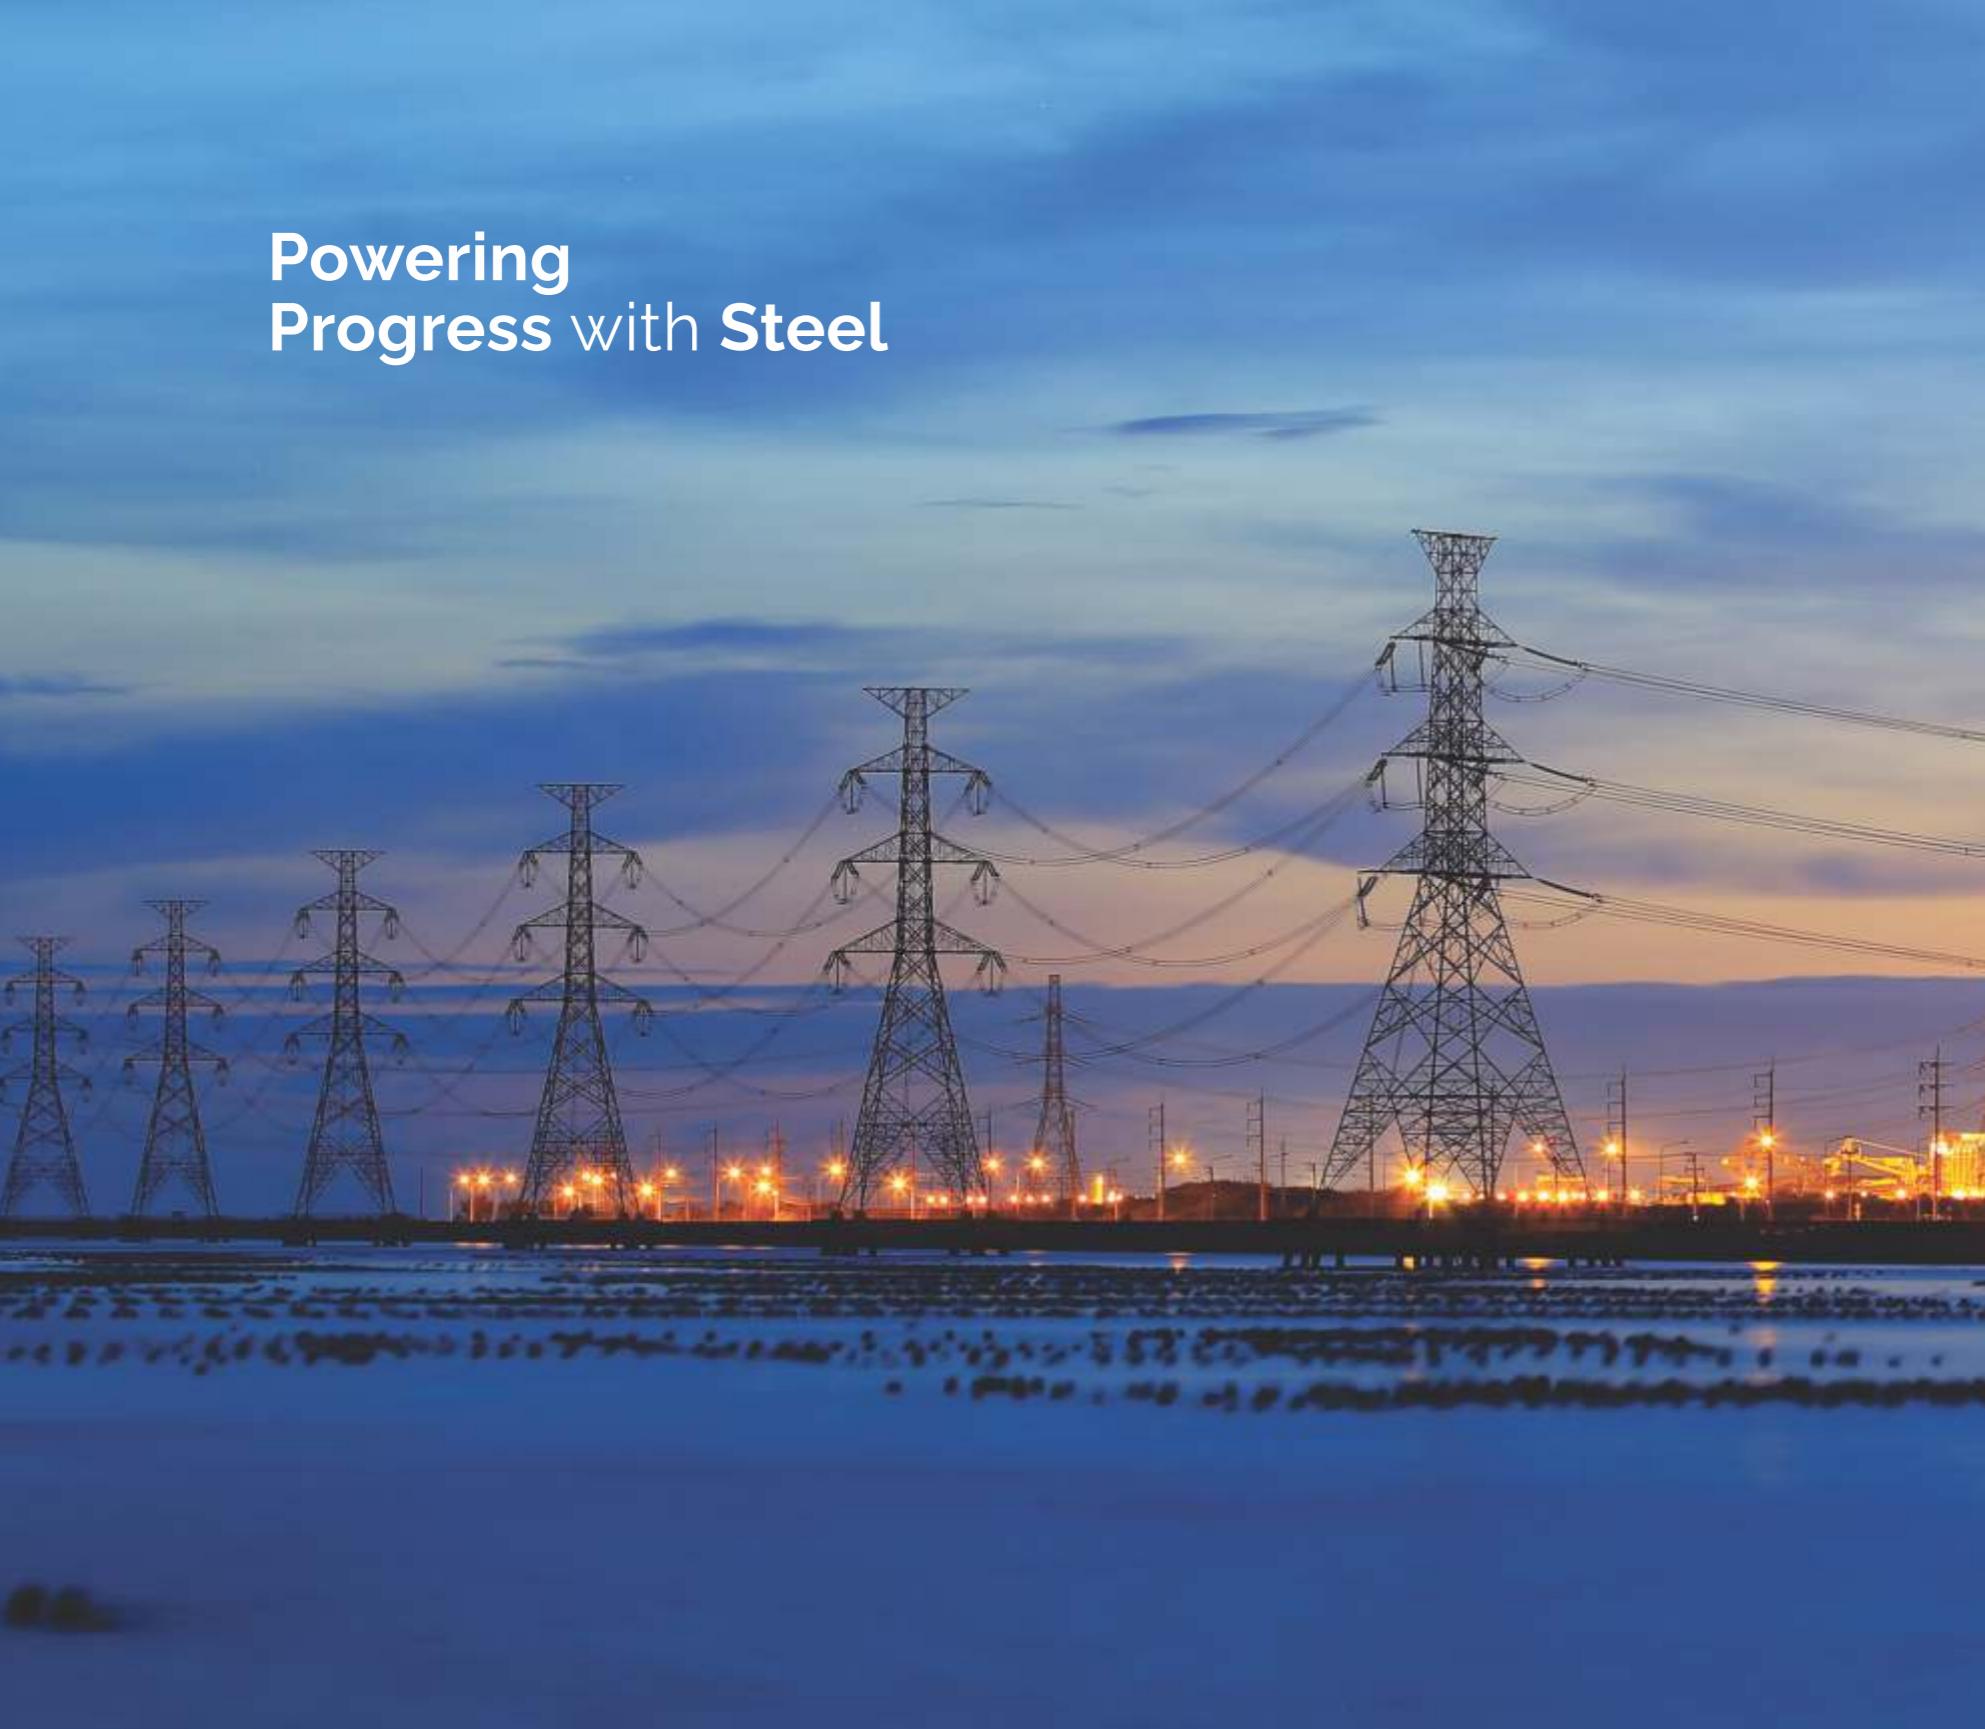

## A **Distribution** Partner You **Can Trust**

Agrasen Group stands today as one of the largest and most trusted Stockists of primary structural steel, with a growing presence across the country. Headquartered in Raipur — the steel capital of India — and strategically located at the nation's center, we are uniquely positioned to ensure timely and seamless deliveries nationwide.

Our journey began with a vision to redefine excellence in the structural steel industry. Since our inception, we have consistently delivered quality, reliability, and service that have earned the trust of clients from diverse sectors.

# Powering Progress with Steel

Strength, reliability, and innovation drive us.  
At Agrasen Group, we understand the vital role of structural steel in powering India's growth.

Our focus remains on growth, excellence, and value —  
**building a stronger tomorrow.**

## "A Word from Our **Managing Director**"

**Mr. Nilesh Agrawal**  
Managing Director, Agrasen Group

At Agrasen Group, our vision is to make quality structural steel easily and reliably available across India. What began in 2010 as a modest trading operation has grown into one of the nation's most trusted names in primary structural steel distribution.

We remain committed to continuous growth, operational excellence, and delivering value to every stakeholder.

*Thank you for your trust and support.*

# Our Growth Story

**2010**

Agrasen Group entered the steel market as a secondary steel supplier and trader. With a strong foundation built on integrity, commitment, and customer trust, we steadily expanded our reach and reputation.

**2020**

We further strengthened our portfolio by adding structural steel from JSPL (Jindal Steel and Power Ltd.), enabling us to offer a complete range of premium-grade primary structural steel under one roof.

**2025**

Agrasen Iron and Steels Pvt. Ltd. was appointed as a designated distributor for Steel Authority of India (SAIL) structural steel products in Chhattisgarh — further cementing our leadership and expanding our regional footprint.

**2015**

We took a major leap forward by establishing our own stockyard and becoming an authorized stockist for SAIL (Steel Authority of India Ltd.) structural steel and plates — significantly enhancing our product availability and service capability.

**2024**

A year of milestones. We were empaneled as approved suppliers to the North and South Bihar Electricity Boards, contributing to critical infrastructure and power sector projects. We also launched Agrasen Steel Mart LLP, a new venture focused on meeting diverse client requirements of Large Product Mix of steel with greater flexibility and efficiency.

## Our Group Companies

Under the umbrella of Agrasen Group, we operate multiple strategic ventures, each contributing to our vision of being a one-stop solution for structural steel:

### AGRASEN STEEL MART LLP

Primary Structural Steel Solutions Pan India

### AGRASEN IRON AND STEELS PVT. LTD.

Designated Distributor for SAIL Structural Steel – Chhattisgarh

### AGRASEN ALLOYS PVT. LTD.

Diversified Operations in Steel and Allied Products

### AGRASEN RESOURCES LLP

Assets and Resources Management

Together, these entities reinforce our position as a reliable, efficient, and forward-thinking partner in the steel industry. At Agrasen Group.

we are your  
**better place** to procure  
**Primary structural steel in India**

## Vision

To Ensure The Easy And Timely Availability Of Steel Products That Power India's Robust And Growing Infrastructure.

## Mission

To Maintain Integrity And Establish Trust While Dealing With Our Clients, Employees & Suppliers.

## Our Core Values

- Integrity**  
We conduct business with honesty, fairness, and full transparency.
- Reliability**  
We fulfill our commitments regardless of changing market conditions.
- Customer-Centricity**  
Our clients are at the heart of every decision and action.
- Quality First**  
We supply only tested and certified materials from India's top manufacturers.
- Continuous Improvement**  
We embrace innovation and strive for operational excellence.
- Partnership & Growth**  
We grow by helping our clients grow, valuing every long-term relationship.
- CSR & Sustainability**  
We actively support sustainable practices and responsible sourcing.

## Why Choose Agrasen Group

- Customized procurement solutions tailored to client specifications.
- Pan-India delivery with dependable logistics support.
- Transparent and stable pricing.
- Staggered deliveries aligned with project schedules.
- Technical guidance and on-ground support from industry professionals.

### As A Leading Steel Stockist & Distributor, We Power The Infrastructure Future

At Agrasen Group, we don't just supply steel — we deliver reliability, precision, and performance at the core of India's growth. We cater to a wide range of industries including infrastructure, civil construction, fabrication, EPC contracts, industrial projects, and turnkey solutions. With a strong focus on quality, timely delivery, and customer-first service, we provide tailored steel solutions to clients in various sectors such as:

- Defense
- Refineries
- Power Plants
- Metros
- Mining Operations
- Airports
- Railways
- Construction
- Tunnels
- Bridges
- Transmission Lines, and Dams etc...

We ensure the right material reaches the right place — every time.

# The Right Steel For Every Project

## ANGLES (ISA)

Versatile steel sections providing strength, stability, and reliable support for construction and engineering structures.

## CHANNELS (ISMC)

Strong steel sections with excellent load-bearing capacity and rigidity, ideal for frames, supports, and heavy applications.

## BEAMS (ISMB)

High-strength steel beams offering superior support and stability for heavy construction and industrial frameworks.

## UNIVERSAL BEAMS (UB)

Versatile steel sections with excellent load-bearing and bending resistance, suitable for large-scale construction and infrastructure.

## UNIVERSAL COLUMNS (UC)

Designed for maximum load capacity and stability, ideal for tall structures and heavy frameworks.

## NARROW PARALLEL FLANGE BEAMS (NPB)

High-strength beams with uniform flanges ensuring efficient load distribution and stability in structural frameworks.

## WIDE PARALLEL FLANGE BEAMS (WPB)

Durable steel beams with wide flanges providing excellent load capacity and stability for heavy and industrial construction.

## RAILS

High-strength steel sections offering durable and smooth support for railway tracks and industrial transport systems.

## TMT BARS

High-strength reinforcement bars with excellent tensile strength, flexibility, and durability for lasting construction stability.

## PLATES

Durable steel sheets offering strength, versatility, and superior load-bearing capacity for construction and industrial use.

All ROLLED Structural Steel sections Including Rounds, Flats, SHS, RHS, Pipes, 30/60LBS Rail also available in Commercial make
